

# health & nutrition portfolio

BRONSON & JACOBS  
PTY LTD

We take this business seriously because we know you do! Not only can Bronson and Jacobs supply across the ingredient spectrum for pharmaceuticals and complementary health care, we also have our own, dedicated QA/Regulatory department supplying full batch traceability and on-line MSDS access. B&J also have specialty temperature controlled warehousing (ISO & HACCP Accredited) as well as a TGA repack facility. We are licenced to handle scheduled products and pre cursors. We have people who can pre-empt your requirements and guide you through the plethora of information available. Most of all, we'll deliver you the best customer experience around; and isn't that the Vital Ingredient?
